Summary

I am a passionate and dedicated software engineer with a strong background in mentoring and education. Currently enrolled in ALX Africa's software engineering program (Cohort 13), I have honed my skills in various technologies and programming languages. My commitment to staying at the forefront of technological advancements aligns perfectly with ALX's mission to empower the African workforce.

Professional Experience

[Full Stack JavaScript Instructor] -

GOMYCODE Egypt: <https://gomycode.com/eg/>

[Sep 2022 - Present (11 months)]

Inspire students to learn today's in-demand technical and soft skills. Coach students to independently find solutions to their problems.

Guide students in their learning path, encouraging them to learn by making. Evaluate assignments and hold simulated job interviews.

Record video courses to optimize the students' learning experience. Provide feedback on how we can improve!
